- Strawberry
- Red Velvet
- Vanilla

yum!

ABOUT US

All Occasions Cake Pops was established in 2011 and since then owner June Kripal has been sharing her delicious, detailed, artistic little treats with the world. As a self-taught home baker, June is always trying new recipes, techniques, and styles. With her creative ability she adds those special touches to all your events for making your party just as picture-perfect as possible.

All Occasions Cake Pops Cottage Food kitchen is located in Victorville, California. Although we do not have a storefront at this time we do deliver to local High Desert areas for a fee or you can meet us at the Shell gas station off I ave and Bear Valley Road in Victorville for free.

Specializing in cake pops for many years, we are excited to now offer small cakes, cupcakes, decorated sugar cookies, caramel/chocolate dipped pretzels, chocolate dipped marshmallows, chocolate dipped rice krispie treats and a few other goodies upon request.

As our business grows we welcome expanding and being able to provide job opportunities for our local community. We are so grateful to all our loyal clients who have supported us over the years and hope in the future we will be able to provide a beautiful storefront for all of you to enjoy.
