All Occasions Cake Pops was established in 2011 and since then owner June Kripal has been sharing her delicious, detailed, artistic little treats with the world. As a self-taught home baker June is always trying new recipes, techniques and styles. With her creative ability she adds those special touches to all your events for making your party just as picture perfect as possible.

All Occasions Cake Pops Cottage Food kitchen is located in Victorville, California. Although we do not have a store front at this time we do ship most products (refer to shipping sections on the website for more details). **We deliver to local High Desert areas (Apple valley , Victorville, or Hesperia) for a fee of \$10.00. Free delivery on orders of \$100 or more! Another option is you can meet us as the Shell gas station off I Avenue and Bear Valley road in Victorville for free.**

Specializing in cake pops only for many years we are excited to now offer small cakes, cupcakes, decorated sugar cookies, caramel/chocolate dipped pretzels, chocolate dipped marshmallows, chocolate dipped rice krispie treats and a few other goodies upon request.

As our business grows we welcome expanding and being able to provide job opportunities for our local community. We are so grateful to all our loyal clients who have supported us over the years and hope in the future we will be able to provide a beautiful store front for all of you to enjoy.
